## Repayment Benefits

As a LelaCHOICE Student Loan borrower, you can earn a 0.25% interest rate reduction<sup>1</sup> when you sign up to have monthly payments automatically withdrawn.

In addition, you may apply to release any cosigners from payment obligations:

- ▶ After the first 24 consecutive monthly principal and interest payments are received on time.
- ▶ If you meet the underwriting and credit criteria at the time the cosigner release is requested.

<sup>1</sup> The 0.25% interest rate reduction will apply once principal and interest payments begin to be automatically deducted and will remain in effect as long as automatic payments continue **without interruption** during the repayment period. The 0.25% interest rate reduction will not lower the monthly payment amount but will instead reduce the interest amount that accrues. The interest rate reduction will be suspended during approved forbearance(s) or if automatic payments are rejected due to insufficient funds.

## Repayment Benefits

As a LelaCHOICE Parent Loan borrower, you can earn a 0.25% interest rate reduction<sup>1</sup> when you sign up to have monthly payments automatically withdrawn.

<sup>1</sup> The 0.25% interest rate reduction will apply once principal and interest payments begin to be automatically deducted and will remain in effect as long as automatic payments continue **without interruption** during the repayment period. The 0.25% interest rate reduction will not lower the monthly payment amount but will instead reduce the interest amount that accrues. The interest rate reduction will be suspended during approved forbearance(s) or if automatic payments are rejected due to insufficient funds.
